

June 14, 2024

Project Status Overview

The Works Phase LED Conversion of City-owned streetlights began installation this week. In this first week, 39 luminaires were installed, which is 8% of the project scope.

Looking ahead, Dalkia will continue installation on Monday, 6/17, working on residential roadways.

The map below shows progress between June 10, 2024 and June 14, 2024.
